Work Experience Testimonials

I have enjoyed my experience. **“It has given me confidence to talk about my work experience”** at a business meeting at Kelham Hall. During my work experience I have produced flyers and documents, working as part as a multi cultural team. Helping people on the computers with job search and CV writing gives me something current to put on my CV, improving my work prospects. It’s well worth people having a go.

My name is Arnie and I was offered Work Experience at Jobcentre Plus. I said yes straight away, as I thought the experience would be invaluable, especially as it suited my needs perfectly. **“I benefitted from Work Experience from my first day.”** I have made new friends and learned lots of things such as how to deal with customers and provide excellent customer service. I have gained lots of new skills, I have also been welcoming customers, supporting them on the computers and signposting them to appropriate support where required. **“I very much enjoy this type of work, and would offer for everyone to try it out.”**
